NATIONAL SCHOOL
SPORT WEEK
SPORTS IRELAND

Lynn Allison and Becky Bisland have recently started working for Scottish Disability Sport as West of Scotland Regional Managers, covering 13 local authorities between them. The breakdown of local authorities is below:

- Lynn covers Dumfries & Galloway, East Ayrshire, North Ayrshire, North Lanarkshire, South Ayrshire and South Lanarkshire.
- Becky covers Argyll & Bute, City of Glasgow, East Dunbartonshire, East Renfrewshire, Inverclyde, Renfrewshire and West Dunbartonshire.

Currently there are few children, young people and adults with a physical disability, learning disability or sensory impairment involved in sport in the West of Scotland. At a local level there are numerous options for people to train and compete but sadly not enough children, young people and adults from the West of Scotland take up these opportunities. Disability sport is more popular than ever and the Paralympic Games in London 2012 and Commonwealth Games in Glasgow in 2014 will create an additional focus on disability sport. To enable more athletes to have the opportunity to compete at the 2014 Commonwealth Games and beyond, there needs to be more children, young people and adults taking part in sport and physical activity.

The purpose of this brochure is to provide information on activities and sports opportunities that are available to attend for children, young people and adults for all disability groups. It is recommended that before attending any of the sessions participants contact the individual organisers in case any changes have occurred.

If you require any further information please contact your relevant Regional Manager on the details below.
